Explanation

- Staff: CASA Fundamental Research Projects will usually have a runtime of 36 months and will be led by one or two CASA PIs. Funding can be requested for one or two doctoral or postdoctoral student(s), for student assistants, and for equipment. Fundamental Research Projects should not involve more than one postdoc.
- Student Assistants: Please specify exactly when you plan to hire the student(s) and for what duration contracts will be made. The applicant undertakes to ensure that the student assistants only do project-related tasks. The applicant must submit a monthly timesheet of student assistant to the CASA Management Office.
- Equipment: Please specify exactly when you plan to purchase the equipment item(s), and estimate costs for the purchase.
- Travel Costs: Travel Costs do not have to be applied for via this application! Every CASA PI and every postdoctoral and doctoral researcher will have a lump sum of 3.5 k € p.a. to reimburse for travel costs.
- General Regulations: Provision of funds depends on the availability of sufficient funds and on your timely implementation of the project as applied for; otherwise, committed funds may not be available. If changes in the project plan should become necessary with regard to personnel and equipment, a request for a shift in funds must be submitted for this purpose, via mail to info@casa.rub.de.
