WOMEN IN IT SECURITY

Lea Schönherr is a postdoctoral researcher at the Cognitive Signal Processing group at Ruhr-Universität Bochum (RUB), Germany, in the Cluster of Excellence "Cyber Security in the Age of Large-Scale Adversaries" (CASA).

Her research focuses on adversarial machine learning, the robustness of neural networks, and the security of speech and speaker recognition systems. She finished her M.Sc. degree in Electrical Engineering and Information Technology at RUB in 2015 and obtained her PhD from RUB in 2021.
